

Multiple Measurement System Summary

SLEEPY EYE SEC.

Multiple Measurement Designation

This school has not been designated as a Priority, Focus, Continuous Improvement, Celebration Eligible or Reward School.

Multiple Measurement Rating(MMR) 71.54%

Comparison Group

High School

Title I Status

Did not apply for Title I funding in 2015 (2014-15 school year)

Multiple Measurement System Summary

Multiple Measurement Domain Summary

Each Multiple Measurement domain has common summary components that are averaged to create the Multiple Measurement Rating for a school. Summary numbers for number of students (n-counts), raw numbers and final MMR points are shown below. If a school does not qualify for any one domain, the Multiple Measurement Rating is determined using available information. Further domain detail is available in the charts below. "What is important?" questions are included in each domain to guide improvement planning.

<u>Domains</u>	<u>Year</u>	<u>Number of Students</u>	<u>Measurement</u>	<u>Score</u>	<u>Points</u>
Proficiency	2013	132	Weighted Percent of Cells Reaching Target	100.0%	25.00
	2014	115	Weighted Percent of Cells Reaching Target	100.0%	25.00
Growth	2013	157	Average Growth Z Score	-0.0304	11.53
	2014	139	Average Growth Z Score	-0.2274	10.61
Achievement Gap Reduction	2013	87	Achievement Gap Score	0.2150	11.41
	2014	72	Achievement Gap Score	0.4102	9.53
Graduation	2013	53	Weighted Percent of Cells Reaching Target	100.0%	25.00
	2014	42	Weighted Percent of Cells Reaching Target	100.0%	25.00

Designation 2014 MMR: 143.08 total points out of 200 possible points = 71.54%

WHAT IS IMPORTANT? Each domain has a maximum of 25 points. Are any domains awarded points well below the 25 possible points?

**Designation 2014 Proficiency Detail -
District: SLEEPY EYE PUBLIC SCHOOL DISTRICT
School: SLEEPY EYE SEC.**

2013 Mathematics Proficiency Detail

	Number of Students	Proficiency Index	Target	Meets Target	Included in Numerator
<i>All Students</i>	132	66.67	63.36	Yes	Yes
<i>Hispanic</i>	26	50.00	34.89	Yes	Yes
<i>White</i>	106	70.75	67.87	Yes	Yes
<i>Special</i>	22	43.18	29.71	Yes	Yes
<i>FRP</i>	63	56.35	44.89	Yes	Yes

WHAT IS IMPORTANT?

The proficiency index rate of each student group is compared to the established target, and schools should aim to have a "Yes" in the Meets Target column. Only student groups in the school with at least 20 students are included in the Proficiency domain.

The Proficiency domain uses the weighted percentage of student groups that meet the target, and the weighting is based on the size of the student groups with larger student groups being weighed more heavily in the score. Only student groups that meet the target count positively in the Proficiency domain, and schools should pay particular attention to student groups that are not meeting the target.

Minnesota set a goal to close the achievement gap in half in six years, and the targets will continue to increase each year up to 2017.

Schools can meet the proficiency index target in alternate ways. The following abbreviations are used to show how the school met the target:

- A-2YR: Multi-year Averaging Over 2 Years
- A-3YR: Multi-year Averaging Over 3 Years

2013 Reading Proficiency Detail

	Number of Students	Proficiency Index	Target	Meets Target	Included in Numerator
<i>All Students</i>	121	63.64	60.21	Yes	Yes
<i>Asian</i>	1	100.00	0.00	-	-
<i>Hispanic</i>	27	46.30	34.49	Yes	Yes
<i>White</i>	93	68.28	65.39	Yes	Yes
<i>Special</i>	20	37.50	26.64	Yes	Yes
<i>FRP</i>	53	53.77	39.41	Yes	Yes

WHAT IS IMPORTANT?

The proficiency index rate of each student group is compared to the established target, and schools should aim to have a "Yes" in the Meets Target column. Only student groups in the school with at least 20 students are included in the Proficiency domain.

The Proficiency domain uses the weighted percentage of student groups that meet the target, and the weighting is based on the size of the student groups with larger student groups being weighed more heavily in the score. Only student groups that meet the target count positively in the Proficiency domain, and schools should pay particular attention to student groups that are not meeting the target.

**Designation 2014 Growth Detail -
District: SLEEPY EYE PUBLIC SCHOOL DISTRICT
School: SLEEPY EYE SEC.**

AYP Year		Number of Students	Average Growth Score
2013	<i>Subjects Combined</i>	242	-0.0304
	<i>Math</i>	125	-0.0570
	<i>Reading</i>	117	-0.0019
2014	<i>Subjects Combined</i>	211	-0.2274
	<i>Math</i>	102	-0.3729
	<i>Reading</i>	109	-0.0912

WHAT IS IMPORTANT?

The Growth domain measures the ability of schools to get students to meet or exceed expected growth. Each student receives an individual growth z score in reading and math, and this domain uses the average school growth z score in both subjects. The Growth domain does not consider student groups.

Growth targets or expectations are established based on the students last assessment result, and the student growth z scores are determined based on whether the student assessment result was above or below the expectation.

A positive average growth z score indicates that the students are making more growth than what is expected, and a negative average growth z score indicates that the students are making less growth than what is expected.

**Designation 2014 Achievement Gap Reduction Detail -
District: SLEEPY EYE PUBLIC SCHOOL DISTRICT
School: SLEEPY EYE SEC.**

AYP Year		Number of Records	Average Gap Reduction Score
2013	<i>Subjects Combined</i>	194	0.2150
	<i>Math</i>	100	0.2312
	<i>Reading</i>	94	0.1983
2014	<i>Subjects Combined</i>	164	0.4102
	<i>Math</i>	78	0.6903
	<i>Reading</i>	86	0.1434

WHAT IS IMPORTANT?

The Achievement Gap Reduction domain measures the ability of schools to get higher levels of growth from lower-performing student groups than statewide average growth for higher-performing groups. Comparisons of growth z scores are made in the following way:

- School American Indian growth compared to statewide White growth
- School Asian growth compared to statewide White growth
- School Hispanic growth compared to statewide White growth
- School Black growth compared to statewide White growth
- School EL growth compared to statewide non-EL growth
- School Special Ed growth compared to statewide non-Special Ed growth
- School FRP growth compared to statewide non-FRP growth

Schools should aim to have student group growth scores at or above the statewide growth scores and should pay close attention to those student groups with very low growth scores.

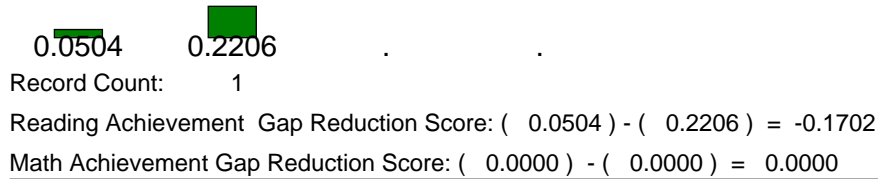

Schools need at least 20 unique students in the seven student groups above to have an Achievement Gap Reduction domain included in the MMR. 20 total students overall is needed, but a school does not need 20 students in each student group.

Designation 2014 Graduation Detail
District: SLEEPY EYE PUBLIC SCHOOL DISTRICT
School: SLEEPY EYE SEC.

<u>AYP Year</u>		<u>Number of Students</u>	<u>Graduation Rate</u>	<u>Target</u>	<u>Meets Target</u>	<u>Included in Numerator</u>
2013	<i>All Students</i>	53	96.23	90.00	Yes	Yes
2014	<i>All Students</i>	42	83.33	90.00	Yes* A-5YR	Yes
	<i>White</i>	33	90.91	90.00	Yes	Yes

WHAT IS IMPORTANT?

The graduation rate for each student group is compared to the 90% graduation rate target, and schools should aim to have a "Yes" in the Meets Target column. Only student groups in the school with at least 20 students are included in the Graduation Rate domain.

Schools can meet the 90% graduation rate target using a four-, five- or six-year rate as well as through improvement over the prior year. The following abbreviations are used to show how the school met the target:

- A-5YR: Above target for the 5-year rate
- A-6YR: Above target for the 6-year rate
- A-Imp4: Improvement by 3 percentage points over previous 4-year rate
- A-Imp5: Improvement by 4 percentage points over previous 5-year rate
- A-Imp6: Improvement by 5 percentage points over previous 6-year rate
- A-2Avg4: Two-year averaging for the 4-year rate
- A-2Avg5: Two-year averaging for the 5-year rate
- A-2Avg6: Two-year averaging for the 6-year rate
- A-3Avg4: Three-year averaging for the 4-year rate
- A-3Avg5: Three-year averaging for the 5-year rate
- A-3Avg6: Three-year averaging for the 6-year rate
